

Colour Match Waiver

This Colour Match Waiver is to be completed if a sample is provided to SLI Manufacturing Inc. ("SLI") for an order requiring a colour match. SLI cannot guarantee the colour match of a provided sample alone. Please select one of the following options:

1. USE PROVIDED SAMPLE AS REFERENCE ONLY
<p><i>We (SLI) will do our best to match the colour of the provided sample, however we cannot guarantee an exact match.</i></p> <p>I understand the purpose of this waiver and authorize SLI to manufacture the project in question without the use of a printed test disc from SLI. I understand that there is no guarantee of matching the colour between my provided sample and the final product produced by SLI.</p> <p style="text-align: right;"><u>USE AS REFERENCE ONLY</u> <input type="checkbox"/></p>

2. REQUEST PRINTED SAMPLE FROM SLI (ON DISC FACE)
<p><i>This option will allow the client to approve a test print of a disc before full production.</i></p> <p>I request that SLI run a test print of a disc before moving forward with full production. I understand that that this process will incur a cost of <u>\$250.00</u> in addition to my current purchase order. I also understand that this extra approval step may cause the project's target completion date to be extended.</p> <p style="text-align: right;"><u>PRODUCE TEST PRINT ON DISC</u> <input type="checkbox"/> <i>I authorize the additional charge of <u>\$250.00</u></i></p>

<p><u>PMS COLOURS</u></p> <p>Please provide PMS colour codes (if applicable):</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>
